POWER™

## Eco-Friendly. Ultra-Powerful.

The first UL 62-rated and CSA-recognized HFFR Cable.

Temperature resistant to 105°C.

### The Industry's First UL 62-rated and CSA-recognized 105°C Halogen Free Flame Retardant Cables, Power Cords and Retractable Cables

EcoPower™ Halogen Free Flame Retardant (HFFR) Cables, Power Cords and Retractable Cables are innovative solutions that protect people and the environment from harmful emissions while exceeding your demanding requirements. EcoPower features an environmentally aligned jacket material—an alternative to PVC jacketing—that delivers superior performance. Guaranteed to perform with unparalleled durability, custom EcoPower products are available in five days or less with no minimum order quantity or length requirements.

EcoPower HFFR Cables, Power Cords and Retractable Cables are ideal for medical devices, computer and consumer electronics, aerospace, marine/shipboard, transit and other applications where it's critical to protect people and equipment from toxic and corrosive gas. Backed by Northwire's expertise, quality and services, EcoPower cables are built to last.

- The industry's first HFFR cable that is CSA recognized and complies with UL 62 requirements
- Expert design and rapid prototyping services
- Phthalate free
- VW-1 and FT-2 rated for finished cable
- Household chemical and abrasion resistant
- Exceptional visual and tactile aesthetics in standard black and custom colors
- Custom design, private labeling and over-mold assembly compatible
- Superior flexibility and resistance to kinks, mars and abrasion
- Temperature resistant from -50°C to 105°C
- Lower coefficient of friction for easier installation
- Laboratory-tested to surpass real-world conditions
- Expertise to help navigate national and international standards, agency compliance, environmental regulations, electrical, ergonomic and aesthetic requirements

For your complete solution—and the fastest delivery time of five days or less—turn to the innovative specialists with the technical expertise to give you the eco-friendly rugged cable performance you need.
