

Custom Cable for Architectural and Decorative Lighting

LUMENT™

Light up your imagination. Lument gives you the freedom to create designs and fixtures that are more spectacular than ever—with virtually unlimited options.

High-tech or contemporary. Transform your designs with color-matched metallic finishes, holographic glitter or fluorescent colors.

Retro. Select our woven-fabric outer jacket for an old world look—available in a variety of colors

Get exactly what you want. With Lument, you get a quality, custom-designed cable that adds a unique look to your commercial or residential lighting designs. Available in low-minimum quantities, made exactly to your specifications.

Architectural Lighting Cable with Distinctive Style.

Lument™ cable from Northwire offers a wide variety of options to enhance lighting fixtures and décor—from classic to high-tech to contemporary.

You work directly with Northwire's product development and prototype engineers to produce a cable designed to your specifications.

Lument cable comes with a performance guarantee and lightning-fast delivery.
