

# *Solutions that Integrate*

Site Paper: Custom Connectors and Cable Assembly  
Global Advantages | *Innovative Solutions* and Services

## Delivering value with velocity.

In today's global economy, you can rely on over 100 years of industry expertise to navigate complexities of international compliance with precision, high-reliability products.

Rapid manufacturing and a suite of services compliments the fully integrated innovative solution offerings of LEMO and NWI.

**You will benefit from responsiveness and a consolidated supply chain.**

## Synergy through Strategic Partnership

In the summer of 2014, LEMO Group acquired Northwire, Inc. with the goal of providing a seamless experience with expanded capabilities to both companies' valued customers by offering a comprehensive suite of custom connector, cable and assembly offerings for a diverse range of extreme applications.

This means comprehensive product offerings, a wider range of resources, and rapid responses to your project needs.

# Collaboration that Serves You.

- Precision Custom Connection Solutions
- The Original Push-Pull Connector
- Six Decades of Expertise
- Over 75,000 Product Designs
- Over 100,000 Customers
- Best-in-Class Technology
- Acknowledged Industry Leadership

- Custom Technical Cable + Assembly
- Shortest Industry Lead Times
- Four Decades of Innovation
- Over 8,000 Products
- Infinite Custom Offerings
- International Compliance Certifications
- Full Contract Engineering Capabilities

“I am convinced that by creating synergy between our two companies, we can grow and prosper side-by-side. Together we will be able to provide our customers high-quality **complete cable-connector solutions.**”

– Alexandre Pesci, CEO and President, LEMO Group

“Equally focused on satisfying our customers, LEMO and NWI look forward to acquiring new customers and serving our loyal customers’ needs for **engineered solutions and service excellence** well into the future.”

— Farhad Kashani, President Americas, Northwire, Inc.

Center

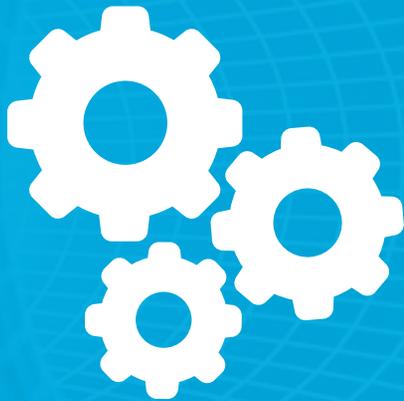

# Features that Benefit Our Valued Customers

## #2: Fully Integrated, *Innovative Solutions*

Explore a complete range of standard products or take advantage of complimentary customization for products that are designed and manufactured to meet the needs of your specific application. **Gain the ease and cost savings of a consolidated supply chain by optimizing, synchronizing, and streamlining.**

# Features that Benefit Our Valued Customers

## #3: Extensive Suite of Engineering Services

Create better products, realize cost savings, and increase your speed to market with Northwire and LEMO's global engineering disciplines. **Leveraging industry, agency, and government certifications, NWI and LEMO are committed to passing on business excellence and best practices.**

# Features that Benefit Our Valued Customers

## #4: Exceptional Service Excellence

Rely on a unified TEAM of professionals for support and assistance in every area from *Concept to Completion*. **Speak with around-the-clock Subject Matter Experts (SMEs) and Customer Care representatives, or supplement your project with tools, calculators, and other technical, engineering, and service support resources.**

# Get Started with LEMO + NWI with Ease.

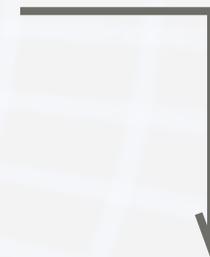

## Request a Custom Quote

1. Fill out our simple online form
2. Describe your application
3. Receive a custom quote

## Request Free Samples

- Sample wire and connectors
- Complimentary designs
- Rapid prototyping

## Utilize Our Technical Resources

- Stranding Conversion Chart
- Ampacity Chart
- Metric Conversion Chart
- Electrical Calculator

# Leverage Our SMEs to Help with Critical Factors

Whether you are working under exacting requirements or simply have an innovative idea, LEMO and NWI will guide you through the complexities.

## 11 Critical Factors for Connectors, Cables and Assemblies

 End Application

 Most Important Feature(s)

 AWG Size/Conductor Count

 Voltage

 Outside Diameter Restrictions

# Our Promise

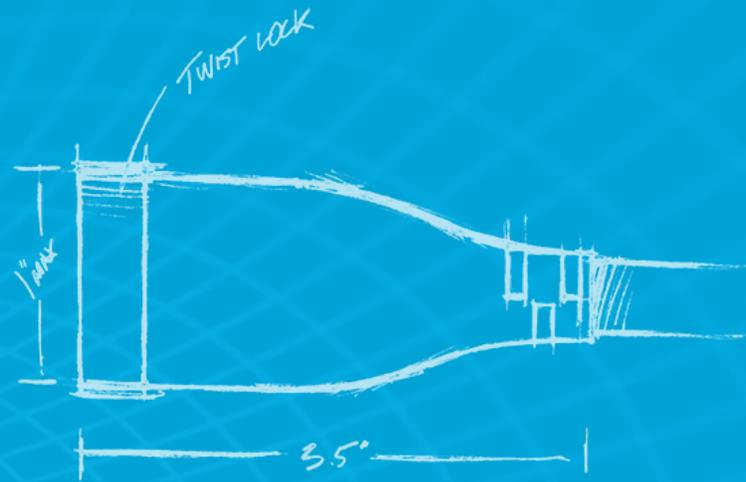

## The LEMO Promise

- Fully Custom Solutions
- High Quality, Reliable Products
- Continual Optimization
- Precision Manufacturing
- 99% Added Value
- 98% On-time Delivery

## The NWI Promise

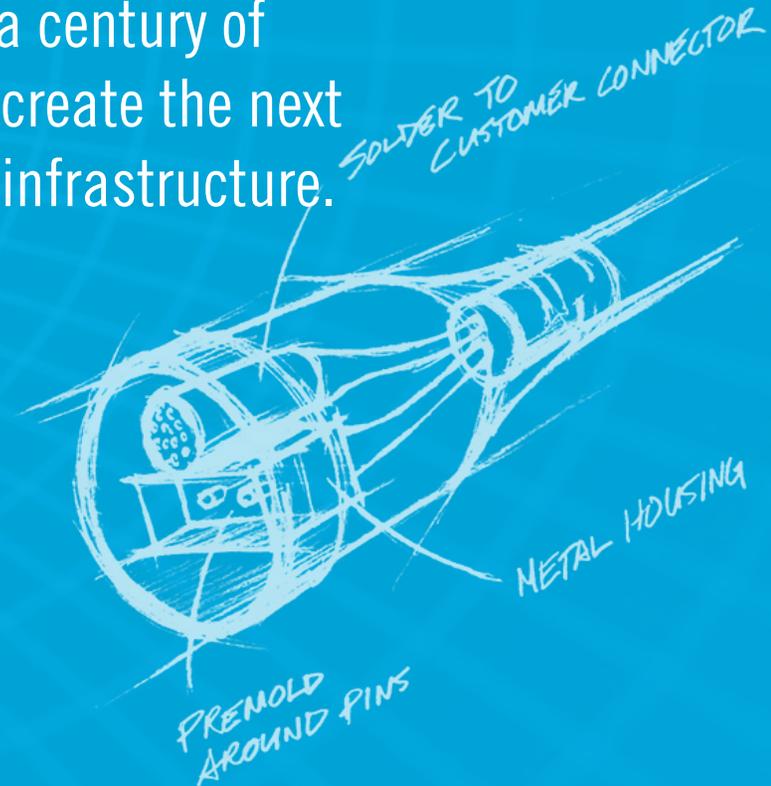

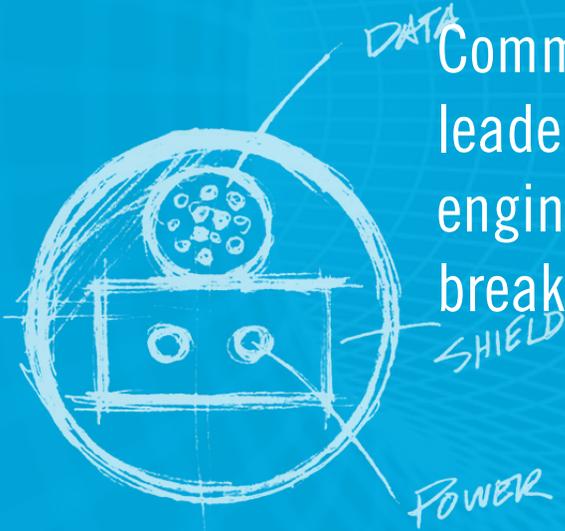

- No Minimum Order
- Quotes in 24 Hours or Less
- Same Day Custom Products
- Any Volume
- Rapid Prototyping
- Personalized Service Excellence

## The Face of Future Innovation

Committed to continual improvement and global leadership, LEMO and NWI combine a century of engineering and design expertise to create the next breakthrough in reliable, safe cable infrastructure.
